The virtue of the San Antonio del Sur municipality is to be an example of entrepreneurial women and examples in issues such as the emancipation of women and their insertion in society since it has the only salinera woman in Cuba: Marlenis Lara Soto who works as director of the Unit Salinera Macambo in San Antonio del Sur. Processes as complicated as the evaporation, concentration and crystallization of salt are managed by the hands of a woman who has been doing this job for more than a decade.
