Cuba will not give up or renounce freedom, sovereignty, dignity, won by the martyrs of the Revolution. This July 30, the martyrs who throughout their struggles managed to defend their homeland are remembered. This nation with a glorious history must defend itself and show loyalty to those brave martyrs who offered the most precious asset of a human being, which is life, for the sake of the freedom that is enjoyed today. In every possible way in the midst of this pandemic, honoring our martyrs is our premise.
